Mason

Description

We are looking for a skilled, experienced mason who can cut, dress and lay stone, and who is proficient with both modern power tools and traditional hand tools. Masons can expect to work in all weather and with various materials, lift and carry heavy objects, and read and assess technical drawings. Their responsibilities include texturing and polishing blocks of stone, installing dressed stone, mixing cement and mortar, and restoring old and damaged masonry works.

Successful masons should have a love for traditional techniques, a keenness for learning, exceptional problem-solving skills, and should have a natural talent for working with their hands. Ideal candidates will have completed a three-year apprenticeship, and will be physically fit and able.

Responsibilities

- Maintaining tools and workspaces.
- Cutting, shaping and dressing materials.
- Lifting, carrying and placing prepared blocks.
- Reading and following technical drawings.
- Training apprentices.
- Mixing cement and mortar.
- Restoring old and worn masonry.

Qualifications

There are no specific qualifications required to pursue a job as a Flooring Installer. To be successful as a Flooring Installer a candidate should be committed to personal growth and development in the areas of flooring installation and care including methods of installation and finishing. Candidates who are looking to be employed in the flooring industry may look for training with flooring manufacturer's or online through Construct-Ed to help improve their opportunities with potential employers.
